# COMPANY PROFILE

# HEAT GUARD GROUP INTRODUCTION

## WHO WE ARE

Heat Guard Group is dedicated to delivering comprehensive, professional fire protection solutions throughout South Africa.

Our mission is to protect lives, premises, and products through solutions that are expertly designed, installed, and maintained to the highest standards.

With a highly skilled team of managers and technicians bringing years of industry experience, our clients can expect fire protection solutions that comply fully with required standards and deliver true peace of mind.

## OUR PURPOSE

We are passionate about bridging gaps in education and empowering individuals within communities by focusing on personal development, skills growth, and creating opportunities for stability and success.

Our vision is to supply exceptional service and build strong partnerships with customers and suppliers who share our commitment to positive change, safety, and quality delivery.

# YOUR SAFETY, OUR PRIORITY

## MISSION

To protect lives, property, and communities by delivering high-quality fire protection equipment, expert solutions, and practical training that empower people to stay safe and prepared.

## VISION

To be the trusted leader in fire safety solutions and community empowerment, known for our dedication to quality, professionalism, and making a lasting difference where we work and serve.

## WHY CHOOSE US?

Heat Guard Group stands for experience, professionalism, and a genuine passion for safeguarding people and places.

Our dedicated team works closely with each client to deliver tailor-made solutions, backed by hands-on training and expert guidance, ensuring complete peace of mind every day.

# PRODUCT RANGE & SERVICES

## FIRE EQUIPMENT SUPPLY & INSTALLATION

We supply and install a wide range of fire protection equipment to meet your unique safety requirements. This includes:

- Fire extinguishers — carbon dioxide, dry chemical powder, foam, wheeled foam, trolley units
- Fire hose reels and fire hydrants
- Hydrant lay flat hoses, nozzles, and couplings (30mm & 65mm)
- Steel, fiberglass, and plastic cabinets for extinguishers, hose reels, and hydrants
- SABS-approved symbolic signage

## FIRE EQUIPMENT SERVICING & MAINTENANCE

Our skilled team provides thorough servicing, repairs, and inspections to ensure all your fire equipment stays in top working condition:

- Annual servicing of fire extinguishers, hose reels, hydrants, and sprinkler systems
- Monthly inspections of fire equipment
- Pressure testing and recharging of fire equipment
- Static and flow testing of hose reels and hydrants
- Site surveys at no cost to determine your compliance needs

# PRODUCT RANGE & SERVICES

## FIRE DETECTION & ALARM SYSTEMS

We supply, install, and maintain reliable fire detection and alarm systems for early warning and maximum protection — from small offices to large warehouses and industrial sites.

Our services include:

- Addressable and conventional fire detection systems
- Installation of smoke, heat, beam, linear, gas, and aspiration detectors
- Maintenance of all fire detection and evacuation systems
- Custom solutions for offices, hotels, warehouses, factories, and mines

# PRODUCT RANGE & SERVICES

## GAS SUPPRESSION SYSTEMS

Our gas suppression solutions help protect high-value assets and sensitive environments.

We offer:

- Design, supply, and installation of gas suppression systems such as Novec, FM200, Inergen, Pyroshield, and more
- In-cabinet protection systems
- Foam protection systems
- Water misting systems for transformers and high-risk areas
- Full maintenance and support

## SPRINKLER PROTECTION SYSTEMS

We design, supply, install, and maintain sprinkler systems tailored to your building type and risk classification.

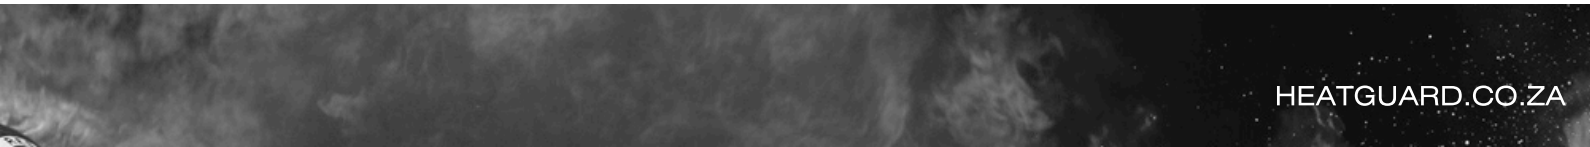

This includes:

- Hydraulic calculations to ensure optimal flow and discharge
- Approved tanks and pump sets as required
- Sprinkler protection for shopping malls, libraries, warehouses, racking, archives, and production facilities
- Ongoing maintenance of sprinkler valves and diesel engines

# FIRE SAFETY IS A RESPONSIBILITY

# LET'S PROTECT WHAT MATTERS

When it comes to protecting lives and property, there's no room for compromise. At Heat Guard Group, we stand ready to deliver trusted solutions, expert support, and unmatched dedication every step of the way. Reach out today — let's secure your peace of mind and build a safer tomorrow, together.
